PROFESSIONAL SUMMARY

Enthusiastic **Junior Developer** with a strong foundation in **web development, CMS setup, and technical support**. Skilled in building **scalable, responsive websites** using **HTML, CSS, JavaScript, React.js**, and **headless CMS platforms** like **Sanity, Storyblok, and Prismic**. Proficient in component-based architecture, API integration, and version control. Known for delivering clean, maintainable code, collaborating effectively with designers and developers, and troubleshooting technical issues with a solutions-oriented mindset. Committed to creating exceptional web experiences that align with user needs and business goals.

TECHNICAL SKILLS

- **Frontend**: HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS, SCSS

- **CMS Platforms**: Storyblok, Sanity, Prismic (Headless CMS), Contentful (Basics)

- **Backend & APIs**: REST APIs, JSON, Python, Node.js (Basics)

- **Web Development**: Responsive Design, Cross-Browser Compatibility, Accessibility (WCAG), SEO Basics

- **Version Control & Collaboration**: Git, GitHub, Pull Requests, Branching

- **Testing & QA**: Manual Testing, Debugging, Performance Optimization

- **Design Tools**: Figma (Translating Designs to Code)

- **Soft Skills**: Clear communication, teamwork, problem-solving, self-management

EDUCATION & CERTIFICATIONS

Bachelor of Science in Computer Science
Chuka University, Kenya | Sep 2021 – Apr 2025

Software Engineering Certification
ALX Africa | Nov 2022 – Jan 2024

Additional Learning

- Web Development Fundamentals (HTML, CSS, JS)

- React.js and Component-Based Architecture

- Headless CMS Platforms (Storyblok, Sanity, Prismic)

- API Integration and Dynamic Content

PROFESSIONAL EXPERIENCE

Junior Developer & Technical Support (Contract)
Loosian Farm Company | Jan 2025 – Mar 2025

- Set up project **boilerplates** using React.js, optimizing initial environments for scalable web development.

- Installed and configured **CMS platforms** to enable easy content management for non-technical users.

- Translated designs from Figma into responsive, polished UI components, ensuring brand consistency.

- Troubleshoot technical issues during development and deployment, resolving 95% of reported bugs within SLA.

- Collaborated with cross-functional teams to ensure alignment on project goals and deliverables.

Junior Developer
Amnel Solution | Nov 2024 – Present (Part-Time, Remote)

- Assisted in building reusable **React components** for client projects, improving development efficiency.

- Populated content into CMS platforms and optimized assets for performance.

- Integrated REST APIs to dynamically fetch and render data within frontend components.

- Ensured compliance with accessibility standards (WCAG) for inclusive user experiences.

Technical Support & Web Development (Freelance Projects)
Jun 2023 – Present

- Supported small businesses in website setup, CMS configuration, and content migration.

- Created custom themes, implemented responsive designs, and resolved layout issues across devices.

- Advised clients on website best practices, including basic SEO, accessibility, and performance optimization.

PROJECT HIGHLIGHTS

- **Headless CMS Setup (Sanity)**: Configured schemas, content models, and custom fields for marketing teams.

- **Component Library (React.js + Tailwind CSS)**: Built reusable, responsive components for multiple client websites.

- **Theming and Styling**: Translated Figma designs into pixel-perfect UIs using CSS modules and SCSS.

- **API Integration**: Connected external services (e.g., payment gateways, analytics) to frontend applications.

SOFT SKILLS & WORK ETHIC

- Proactive problem-solver with strong attention to detail.

- Excellent communication skills; able to explain technical concepts clearly to non-technical stakeholders.

- Comfortable working in **remote-first, collaborative teams** across time zones.

- Quick learner with a passion for continuous improvement and delivering value.
